# Office Furniture

After 30 years we know how to separate good office furniture from the huge number of products on the market today. As an independent dealer we have also had time to negotiate the best deal from all our manufacturers ensuring you get both the best value and a single source of supply.

We will not sell you cheap furniture that looks better than it is and we endeavour to ensure all our products have reasonable continuity of supply.

**All our standard products are guaranteed for five years.**

- Office desking
- Seating
- Executive furniture
- Screens
- Storage
- Reception furniture and soft seating
- Café style furniture and fitted kitchen areas

**Tel: 01494 441247**

# Interior Projects

At Boyce we bring all the services you need together and offer you, the customer, a single experienced, customer focused point of contact to deal with throughout your project.

Our project managers are experienced at dealing with all aspects of an office interior refurbishment project - furniture, partitioning, suspended ceilings, flooring, data/voice/power cabling, fire systems, air conditioning / heating systems and planning applications.

From the smallest supply contract of a chair or two to a complete office building refurbishment, our service goals are the same:

- Focus on your needs
- Formulate a design which really works for your company
- Flexibility
- Deliver the most cost effective solution
- Guarantee budgets and timescales

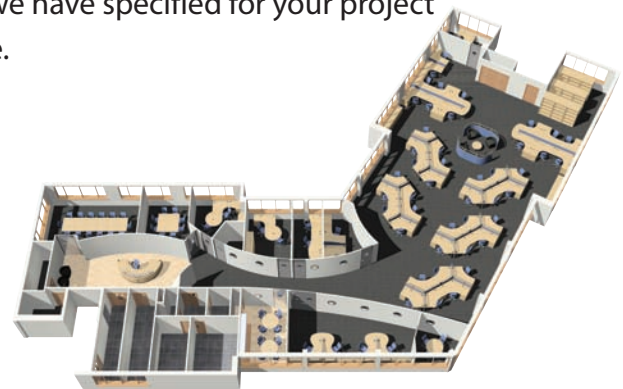

**Email: [sales@boyce.co.uk](mailto:sales@boyce.co.uk)**

# Space Planning and Design

Our CAD designers use the latest computer technology to turn your brief into a well thought out working area to suit your particular requirements. All relevant data can be included on these layouts such as network points, lighting, heating, power, etc. Plans can show a mix of old and new office furniture or any other information you require.

We can take these plan drawings a stage further by introducing furniture, carpet and wall finishes together with colour ideas to suit your corporate identity or build on your own ideas.

We also offer a 3D visualisation service, enabling you to see the end result of the products and finishes we have specified for your project within the proposed building space.

As the longest established interiors and office furniture supplier in the south east we are confident we have the best solution for your office interior needs.

We can supply the most cost effective guaranteed office furniture products at budget, general office and executive level.

If you are considering an office move or interior refurbishment of any size our highly experienced staff will be happy to visit your premises, assess your needs and present the best solution quickly, efficiently and with a minimum of disruption to you and your office.

- We come to you
- Guaranteed products
- Cost effective products at every level
- Experienced, customer focused staff
- Free survey, planning and installation
- Established 1978
