White Halifax Oak 3D

Natural Halifax Oak 3D

Tobacco Halifax Oak 3D

Natural Halifax Oak 3D MFC and Light Grey PerfectSense

## 3D MFC

3D MFC finishes feature a relief imprint that recreates the physical structure of the grain and figure, synchronised with the visual appearance of the wood, creating an exceptionally realistic reproduction of natural timber.

Please note that these are samples for colour and pattern only, not material. If you would like a larger sample of any of the finishes please call Customer Service on 01384 400120 or email [sales@sven.co.uk](mailto:sales@sven.co.uk).

## Colour accuracy

Due to variations in lighting and the limitations of print, variations in colour may occur between brochure illustrations and manufactured items. Samples of all our finishes are available on request from Customer Services.
