LIGNI
SHOWN HERE
FOR SOCIAL
DISTANCING

Blurring the lines between home and work.

Ligni combines clean elegant lines with the warmth of wood, in harmony with the trend for biophilic design and the blurring of the boundary between home and office.

All key elements feature distinctive radiused ply legs faced in a wide choice of veneers and laminates, or the whole leg lacquered Black or White.

The Ligni family encompasses meeting tables, stand-alone and bench desks, screens, high and low breakout tables, storage units, coffee tables, chairs, stools and bench seats.

Ligni is complemented by soft seating that features the same distinctive radiused ply legs. Tops have an elegantly slim profile and are offered in a wide choice of veneer and MFC finishes.

The extensive use of birch ply in Ligni not only creates distinctive and immensely strong furniture, but also makes Ligni an environmentally friendly choice, as our sustainably sourced birch ply has full FSC chain of custody.
