DESIGNED FOR NOW

Wazabi ergonomic working chair automatically adjusts so you can work the way you want: at a desk, tablet or phone.

Adapts to your posture: a unique mechanism enables you to recline and hold any desired angle without tension, while keeping your feet comfortably flat on the floor. No knobs or levers to adjust.

The soft-padded armrests can be raised and rotated inwards to provide support while working with a smart device.

TENSION-FREE RECLINE

3D ADJUSTABLE ARMRESTS

MULTIFUNCTIONAL SUPPORT

EXCEPTIONAL COMFORT

OVERVIEW
